SUMMARY

Enthusiastic Fullstack Developer with hands-on experience in building dynamic web and mobile applications. Proficient in front-end and back-end development with a focus on creating robust and scalable e-commerce platforms. Experienced in developing real-time chat applications, blog platforms, and mobile apps. Strong in JavaScript and well-versed in a wide range of technologies, including React, MERN stack, Android app development using Java, React Native, Flutter, MEAN stack, Angular, React, Java-App, C, C++, Java, and Python.

EXPERIENCE

Fullstack Developer Intern

TechPark, Kanyakumari, India

May 2024 – June 2024

- Developed a real-time chat application using React, Node.js, and WebSocket.
- Created a blog platform with authentication, CRUD operations, and RESTful APIs using Spring Boot and ReactNative.
- Led the development of a mobile application with Flutter.
- Built and optimized an e-commerce website, integrating payment gateways and inventory management systems.
- Worked on Java-based Android applications for TechPark, focusing on functionality and user experience.

Web Development Intern

TechPark

1st July – 1st August 2024, Online

15th November – 15th December 2024, Online

- Gained practical experience in building responsive websites using HTML, CSS, and JavaScript.
- Worked on integrating front-end development with back-end APIs for dynamic content delivery.
- Developed skills in debugging and optimizing web applications for better performance.

PROJECTS

E-commerce Application

- Developed a scalable e-commerce platform using React, Node.js, and MongoDB.

Medi-Tracker (React Native + Firebase)

- Created a mobile application using React Native to track medication schedules, dosage, and reminders.
- Integrated Firebase for real-time data synchronization and authentication.
- Implemented push notifications for reminding users to take medications on time.
- Developed a user-friendly interface with smooth transitions and intuitive navigation.

Doctor Appointment System (Java + SQLite)

- Developed a Java - based Android application for booking doctor appointments with a SQLite backend.
- Implemented features like patient registration, doctor profiles, and appointment scheduling.
- Integrated a beautiful user interface with smooth navigation and attractive designs.
- Enabled user transaction management to handle booking fees and payment processing.

Project Portfolio

- A comprehensive portfolio showcasing all projects and code samples can be viewed at: <https://dens-portfolio.vercel.app/>

EDUCATION

Bachelor of Information Technology

R.M.K ENGINEERING COLLEGE, Thiruvallur

Graduated 2026

- GPA: 7.47/10
- Relevant Coursework: Web Development, Mobile App Development, Database Systems, Operating Systems

Higher Secondary School

Alphonsa Matriculation Higher Secondary School, India

Graduated 2020

Secondary School

C.S.I. Matriculation Higher Secondary School, India

Graduated 2022

SKILLS

- **Languages:** Java, C, C++, JavaScript, Python, HTML, CSS, Bootstrap, TypeScript, SCSS
- **Frameworks/Libraries:** React, ReactNative, Java - App, Flutter, Node.js
- **Databases:** MongoDB, MySQL, SQLite
- **Tools:** Postman, MongoDB, Firebase, Android Emulator

CERTIFICATIONS

- **Certified Java Developer** | Java | 2023
- **AWS Certified Solutions Architect** | Amazon Web Services | 2024
- **Object - Oriented Programming** | 2023
- **Full Stack Development** | Udemy | 2023 - 2024
- **Soft Skill Development** | 2023
- **MongoDB** | 2024
- **React Course Certification** | 2023
- **Blockchain and its Applications** | 2023
- **Operating System Fundamentals** | 2023
- **Big Data Computing** | 2023
- **IamNeo Certification** | 2024
